I worked for John Deere Company for 33 years starting in Canada. In 1977 I moved to our headquarters in Moline, Illinois into a management position where I managed an annual budget of over \$2 million and a team of 20 plus people. Responsibilities included developing parts inventory software and training for our dealer organization worldwide. I traveled extensively in the U.S., Canada, Europe and South America helping dealers manage their large parts investments, many over \$1 million.

I served on the HOA Board in Deep Creek, Florida including serving as Vice President and President from 2008 through 2014. The association consists of 3900 single family home sites.

My husband, Gil and I have been residents and platinum members of Heron Creek since 2004. He served on the original Foundation Board. I have served on several committees and am currently a member of the

Advisory Board of the club and am chairperson of the Greens Committee. Our community has many needs, and I am eager to help fulfill those needs. I would be honored to be selected to serve on the Foundation Board.

My wife Roberta and I have lived in Heron Creek for 17 years and joined the Foundation upon its creation and have been an active member and contributor.

I graduated from Brandeis University in 1963 and held Information Technology positions of increasing responsibility and became Vice President of IT for Hit or Miss Stores, a national retail company from 1974 to 1980. I worked at Robert Half International (a Fortune 500 recruiting firm) from 1980 until I retired in 2002. I was an individual producer and national training manager, specializing in placing computer professionals into Boston area companies.

My interest in charities goes back to my early years when my Red Sox promoted the “Jimmy Fund” which raises money for treating children with cancer. I will bring energy to any activity in which I am involved.
